

Family Sponsorship

Anyone can sponsor a family to live in a house – individuals, corporations or the faith community. Sponsorship involves financial and volunteer support.

Companies benefit from the opportunity to involve their employees in positive team-building activities. They also enjoy increased visibility in the community and a boost in employee morale.

Congregations benefit from the opportunity to put their faith into action. The experience also creates fellowship in a positive, inspirational setting.

Habitat for Humanity of Pinellas County partner families benefit in many ways from the financial support of sponsorships, and we know that you, your family or your organization will be enriched by the experience of supporting a hard working low-income family in the construction of a home.
